Distance from school measured by shortest route from the closest entrance to school property to the home driveway.

If my ineligible student is allowed to ride the bus on a space available basis, I understand the following:

1. The State Transportation Formula does not provide funding for elementary students residing closer than 1.5 miles and secondary students residing closer than 2 miles from their school of attendance
2. Space available is for the current school year only.
3. My student will not ride the bus for the first two weeks of the school year. If it is determined by the Transportation Director that space is again available, a new application may be submitted. If space is not available, my student will not be bused.
4. Ineligible students must report to the nearest eligible bus stop to catch the bus.
